MEMORANDUM FOR: Director of Logistics

SUBJECT: : Group Communication Facility

1. The Office of DD/S&T has an immediate requirement for the use of a group communication facility. A proposal from TelePro Industries, Inc. submitted for this purpose has been reviewed and found to be satisfactory both from the qualifications of the contractor to perform the installation work and the type of equipment to be installed.

2. It is to be noted that one unit of equipment (GSA Item GT1212) not shown in contractor's proposal is to be purchased in order to implement the efficiency of the system which in turn requires the purchase of one additional control module listed as GSA Item 45-5. In this connection other items listed in the proposal but not on the GSA schedule are needed to meet requirements for the proposed facility.

3. The attached requisition ^{25X1A1a} listing the items to be purchased and work to be performed obligates [redacted] for this purpose.
